

## U.S. Ski & Snowboard Excess Accident Medical Insurance Benefit Summary 7/1/19 - 7/1/20

### U.S. Ski & Snowboard Members

This summary provides a general overview of insurance coverage that applies for individual members of U.S. Ski & Snowboard. It is not a complete explanation of all policy provisions or specifics of the policy benefits. No coverage is extended, and no representations are made, other than what is stated in the actual insurance policies. Please refer to the policies for a complete, detailed description of program coverages, exclusions and benefits.

#### Excess Accident Medical Insurance for Members of Non-U.S. Ski & Snowboard CLIP Member Clubs

Current individual U.S. Ski & Snowboard Members of a non-U.S. Ski & Snowboard Clip Member Club have excess accident medical coverage during sanctioned or registered events including official training at such events. Official training must take place at the location and on the dates designated by the event organizer of the sanctioned or registered event. Such training must be supervised or directed by a U.S. Ski & Snowboard representative and/or representative of a U.S. Ski & Snowboard Member Club.

U.S. Ski & Snowboard requires all of its U.S. Ski & Snowboard Members to have valid and sufficient primary medical/accident insurance coverage and to accept full responsibility for understanding the provisions of such coverage as a condition of becoming a U.S. Ski & Snowboard member and participating in official U.S. Ski & Snowboard training and competition. Such primary coverage must be in effect for the entire term of the membership year. Athletes must carry proof of primary insurance and such proof must be available at each event so that prompt medical/hospital care can be authorized, if needed.

Please see the "Excess Accident Medical Limits" section below for an overview of the policy limits.

#### Excess Accident Medical Insurance for Members of U.S. Ski & Snowboard CLIP Member Clubs

Current U.S. Ski & Snowboard Members of a U.S. Ski & Snowboard CLIP Member Club have excess accident medical coverage during skiing and snowboarding competition, while training and conditioning to compete in ski and snowboard competition that is supervised by a U.S. Ski & Snowboard representative and/or representative of a U.S. Ski & Snowboard CLIP Member Club, and during club activities that are supervised by a representative of a U.S. Ski & Snowboard CLIP Member Club.

### When does Coverage Apply?

- During USSS sanctioned or registered events, including official training at such events. Official training must take place at the location and on the dates designated by the even organizer of the sanctioned or registered event. Such events must be supervised or directed by a USSS representative and/or representative of a USSS Member Club

### Coverage does not apply to losses arising from:

- Non-ski and/or snowboarding related events or competitions sanctioned by organizations other than a ski and snowboarding organization
- Events normally conducted under U.S. Ski & Snowboard sanction/schedule agreements for which no sanction/schedule agreement is in place
- Fundraisers
- Any event/activity, other than camping, meetings and award banquets that does not involve athletics
- Paintball
- Skydiving
- Bungee jumping
- White-water rafting
- Outdoor rock climbing
- Skateboarding, unless the activity takes place at a commercial skate park facility
- Rock-wall climbing unless the activities are supervised by a professional instructor
- Surfing unless the activities are supervised by a professional instructor
- Ropes course unless the activities are supervised by a professional instructor

In general, coverage applies to non-sanctioned ski and snowboard events and competitions your CLIP Member Club hosts (as long as such is not subject to a U.S. Ski & Snowboard sanction), but there are certain exceptions. Coverage does not apply if the sport is one that is not currently overseen by U.S. Ski & Snowboard such as big mountain, telemark, and biathlon events or competitions. If you are considering organizing a non-sanctioned event or competition, we recommend you contact U.S. Ski & Snowboard to confirm the event/competition is eligible for coverage.

**Note: All activities must comply with appropriate U.S. Ski & Snowboard discipline rules and procedures as set forth in the sport specific U.S. Ski & Snowboard Competition Guides and U.S. Ski & Snowboard Club Development Program Handbook posted at [www.usskiandsnowboard.org](http://www.usskiandsnowboard.org).**

Other Activities that fall outside the scope of U.S. Ski & Snowboard’s Coverage:

- Automobiles/Transportation - The standard general liability policy excludes coverage for losses arising out of the use of an automobile and therefore, all activities involving automobiles **are not covered** (including transportation of U.S. Ski & Snowboard CLIP Member club's members). It is recommended that U.S. Ski & Snowboard CLIP Member clubs secure automobile liability coverage from a local insurance agent for transportation exposures.
- Standard Business Exposures – The U.S. Ski & Snowboard Club Liability Insurance Program does not replace the need for a club to secure insurance for its overall business operations. You are advised to work with a local insurance representative to determine and address your club’s overall insurance needs which may include a need for business-related coverage’s such as property, crime, workers compensation/employer’s liability, media liability, and cyber liability.

### How to File a Claim

If a properly registered U.S. Ski & Snowboard Member is injured during a U.S. Ski & Snowboard covered activity, the injured member must file a claim with his/her own primary insurance carrier and complete a First Report of Accident form for the excess accident medical insurer. The First Report of Accident Form must be completed by the member, the member's coach, or parent/guardian as soon after the accident as possible, but under no circumstances no later than one year after the accident, as the deductible under U.S. Ski & Snowboard's policy must be met within one year after the accident in order for coverage to apply.

Once the First Report of Accident Form is completed, a claim can be filed under U.S. Ski & Snowboard's excess accident medical policy for medical charges that are not covered by any other insurance. Claim forms must be filled out completely, with all required signatures.

A copy of the First Report of Accident form can be obtained via the following
